This newly built, bright and airy apartment with a sunny loggia is part of the Barrandez-vous residential project with a timeless architectural style, quality home equipment, energy-efficient consumption, and, above all, a completely new park created by the renowned Flera garden studio.

The area of the unit on the 1st floor consists of a living room with a preparation for a kitchen, 2 bedrooms, a bathroom, a separate toilet, and a foyer. The living room has access to a **southeast loggia overlooking the park**.

The interior is completed to a quality standard including **large-format windows, three-layer wooden floors**, wooden grate loggia surface, large-format tiles, designer sanitary ware from the leading manufacturers, a security entrance door, interior doors. **A garage parking space and cellar at extra cost.**

The project is part of the Barrandov district with its full range of services. In the immediate vicinity, there is a kindergarten and elementary school, supermarkets, a post office, a drugstore, a restaurant, a clinic, a pharmacy, or ATMs. It is about a **5-minute walk to a tram stop**, and a bus stop is even closer. The ride to the Smíchovské nádraží metro station takes less than 10 minutes by tram. For trips by car, there is a good connection to the Prague Ring Road and the Southern Junction. The neighborhood is made more pleasant by the proximity of two large parks: the **Prokopské and Dalejské valleys** on the one hand and the **Radotín-Chuchelský grove** on the other.
