Aegean Sunflower is an apt name for this crisply white, typical yet modern Greek villa with an outdoor pool. It lies in a secluded spot only 6 km from the town of Mykonos.

Its sprawling interior consists of an open plan living room, dining area, and kitchen, and five bedrooms and four bathrooms spread over its two levels. There is also a guest toilet, a second kitchen, and a **separate guest suite** with a bedroom and bathroom. Many of the rooms have access to **extensive terraces**, and the downstairs level to the **covered outdoor dining and sitting area** by the **pool**.

With **three working fireplaces**, the interior will never be too hot or too cool. Tiled floors throughout suit its **Mediterranean style**, and hours of relaxation can be enjoyed in its **sprawling garden** and especially in the **infinity swimming pool**. Views of the **Aegean Sea's crystal blue waters** can be enjoyed both inside and out.

Two sandy beaches are just a few steps away and the rest of Mykonos Island, known for its **beautiful landscape**, fine dining options, and relaxed lifestyle, is yours to explore. With an **international airport**, it can be easily reached year-round.
