The sale includes **3 connected historical houses** currently used as a hostel with a restaurant and bar and **one** smaller house with **3 apartments** and **commercial space** that can be used, for example, as a gallery or shop. Important preserved architectural details include the **stone** windows and entrance portals, partially preserved **sgraffito** on the facades, **Renaissance vaults**, **Renaissance and Baroque trusses**, **ornamental chimneys**, and an ancient cellar.

The buildings stand on a rock above the **confluence of the Polečnice and Vltava rivers**, at the **Budějovice Gate**, one of the main entrances to the **historic core of the city**. Extensive **castle grounds** with a landscaped **park** and the world-famous **revolving auditorium** are within easy walking distance, the surroundings are full of other important monuments, but nearby are also **services necessary for everyday life**—a kindergarten and elementary school, a supermarket, or a pharmacy.
