Reference number	104696

This new exceptional attic apartment is located on the top floor of a boutique residential project with 15 unique units and creatively designed common areas. Originally a tenement apartment building from the 1930s, it is nestled in a green part of Prague 4 - Nusle, not far from the city center, which is excellently accessible by public transport and along a bike on a safe bike path. The project was completed in December 2024 and the unit is move-in ready..

The area of the apartment consists of a living room with a preparation for a kitchen, a bedroom, a bathroom with walk-in shower, a separate toilet, and a foyer.

The units in the project are divided into six collections. This particular apartment is part of the **Amelia** collection. Facilities include **high-quality LVT floors** in a wooden decor and properties, large-format wall and floor tiles combined with **mosaic tiles in neutral earth tones**, **Laufen and Kartell by Laufen** sanitary ware, **Grohe Essence** chrome faucets including concealed ones, a designer P.M.H. Rosendahl heated towel rail, **custom-made** entry doors and **Sapeli** interior sliding doors.

This very pleasant neighborhood is nestled between the **Na Fidlovačce** and **Křesomyslův Hájíček** parks, and **Folimanka Park** with sports fields and the large green areas of **historic Vyšehrad** are nearby. Several **cafés and sports and wellness centers** are located on the **26th floor** of the Corinthia Hotel, only a short distance from the residence, and the range of services in the area will be further expanded by the future **Nuselský Pivovar residential project**. There is a tram stop just a few steps away, and the Vyšehrad metro station (line C) and Náměstí Bratří Synků Square (where a line D metro station will be built) are within easy walking distance.

Floor area 46.4 m<sup>2</sup>.

Possibility to purchase a storage space on the floor at extra cost.

For more information, please visit the project website [www.boleslavova3.cz](http://www.boleslavova3.cz).

\* Area of the unit according to the Civil Code. The area consists of the sum total area of the entire unit bounded by perimeter walls.
