This sunlit superior apartment with a south-west oriented loggia is part of the premium Villa Gallery project, which combines an exceptional Prague location, uncompromising quality, the energy of nature, and the inspirational potential of art. A timeless villa surrounded by greenery is being built right next to the Podolské stairs between the Podolské embankment and Vyšehrad.

The practical layout of the 1st floor apartment consists of a living room with a preparation for a kitchen, 2 bedrooms, a bathroom, a separate toilet, and an entrance hall with space for built-in wardrobe. All rooms have access to a sunny loggia. The apartment comes with a spacious cellar.

The top standard facilities include **three-layer Boen wooden floors** (choice of 3 shades), large-area aluminum windows with triple glazing and **exterior blinds**, bathroom sanitary ware by quality brands, large-format **Italgraniti Silver Grain** floor and wall tiles, **2,200 mm high** entrance safety fire doors, **2,400 mm high** interior rebateless doors in white matt with black fittings, glazed doors in an aluminum frame, **Jung designer switches and sockets**, and a **smart home system**. Facilities also include central **HVAC with recovery and air-conditioning** with its own unit. At the client's request, a **unique architectural design from a renowned interior studio** can be purchased. The garden arrangements were designed by the **Flera studio** under the leadership of **Ferdinand Leffler** and the greenery will be complemented by **artistic elements by Jakub Flejšar**.

The place in which Villa Gallery is emerging is on a southwesterly slope rising towards **Vyšehrad**, on which **mature orchards** are spread, perfect for walks in **silence and greenery**. The complete range of services in the area will contribute to a happy lifestyle, while restaurants, cafes, shops, and sports grounds, including a **swimming stadium** or the **Žluté Lázně** complex, are within walking distance. Excellent access to the city center is provided by trams, and you can also use the **bike path along the Vltava River**.

Floor area 81.5 m², loggia 14.15 m², cellar 5.2 m².
