This modern studio with a terrace and private roof garden is located in a new residence, created under the baton of a Czech architectural studio, in a quiet green corner on the border of Pragues 2 and 4, near the walls surrounding magical Vyšehrad, associated with the origin myths of Czech history. In the midst of a full range of civic amenities, but still with enough peace and privacy, a few steps from a metro station. The completion of the project is scheduled for February 2025.

The purposeful layout of the 2nd floor unit consists of a living space with preparation for a kitchen and the possibility of creating a partially separate sleeping area, an entrance hall, and a bathroom (with a walk-in shower and toilet). The living room has access to the balcony.

The high-standard facilities include quality **Oakcent oak floors**, large-format floor and wall tiles in neutral earth tones from **Citistone**, **Laufen** and **Kartell by Laufen** sanitary ware, Grohe Essence designer concealed taps, rebateless interior doors, and a **Samsung** cooling unit. The building in a timeless design is equipped with an **elevator**; heating is handled centrally. It is necessary to purchase a **cellar storage cubicle** at an extra cost and possible to purchase a **garage parking space**.

The residence is located in an **exceptional area**. Residents will enjoy the neighboring **Vyšehrad parks** and all nearby amenities. There is a **massage studio** right in the building and it is possible to walk to the **Výtoň embankment** in just a short time. Many great restaurants and cafes, a **sports complex**, a **wellness center**, and the Prague Congress Center, where cultural events are held, are in the immediate vicinity of the residence located almost next to the Vyšehrad metro station. There are also tram stops within walking distance.

Floor area 37.8 m<sup>2</sup>, balcony 3.6 m<sup>2</sup>.

Visualizations serve as inspiration for possible completion under the guidance of the project's architect.

Please contact our office for more information.

\* Area of the unit according to the Civil Code. The area consists of the sum total area of the entire unit bounded by perimeter walls.
