Modern office space for lease, part of the new Milhouse project. The building, designed by Chybik+Kristof Architects & Urban Designers offers sophisticated aesthetic and functional elements, large glazed areas providing plenty of light. The advantage is an individual architecture, low-energy economical design, all combined with excellent transport services and proximity to the city center.

Location:

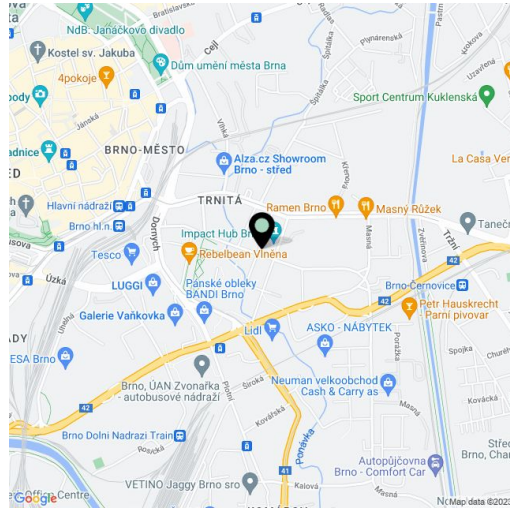

The project is situated in a vicinity of the center, with Vaňkovka or Letmo shopping centers, the main train and bus station nearby, also large business parks (CTZone Škrobárenská, CTPark Černovice / Slatina, Modřice Business Park). Easy access to the important roads and highway. Spacious free parking on the opposite side of the street.

Features and Services:

The interior of loft spaces consists of a large room with glass wall facing the street, toilet, utility room and a built-in gallery above half of the space.

Available from July 2018.

Rental and service charges listed without VAT. Lessee pays no commission.
