"Morning Glory" is the appropriate name of this elegant villa situated in Vilamoura. Designed by English Architect Clive Batchelor, this traditional southern Portuguese style villa is set on a gorgeous plot of approximately 3.800m² and is located directly at the Old Course (the first golf course built in Vilamoura, in 1969).

The typical Mediterranean style villa has a living room with a fireplace and **French windows** leading to the terraces, a library / office, a modern kitchen boasting traditional details, a breakfast nook, and a spacious dining room. The master suite has French windows leading to a large balcony, a dressing room and a luxurious marble bathroom. There is an **open tower boasting a jacuzzi** accessible from the master suite. Furthermore, the villa has a second bedroom (also ensuite, with wardrobes and balcony), a **wine cellar / tasting room**, and a double garage with extra workspace and a bathroom. The property features a **guesthouse** – connected with the villa by a covered external lounge area – with two bedrooms and a bathroom (one room is currently used as a living room / kitchen. Both the villa and the guesthouse have **air-conditioning** and **security systems**. There is as well a two-car garage.

The grounds of this impressive property only add to its **southern Portuguese perfection**. The villa is surrounded by vast, partly **covered terraces** and **shaded verandas** with white structural pillars. The garden, which features **mature pine and palm trees, cypresses, exotic plants, ponds** on different levels and a beautiful **heated swimming pool**, is maintained with great care and has been implemented in harmony with the golf course.

Vilamoura is known for its **beautiful beaches** (e.g. Praia da Falesia), the **natural park of Ria Formosa** (famous for its abundance of pink flamingos), the **fashionable entertainment district** around the marina, and prestigious **five-star hotels**.

The Faro international airport is **just 20 minutes by car**.

Plot: 3 800.00 m²; Usable Area: 924.00m²; Energy Class: C
