The legendary Tudor-style landmark, Crown Manor, is undoubtedly the Enchanted Isle's grandest oceanfront residential estate. Facing the Pacific, and just steps from the iconic Hotel del Coronado, this palatial residence has the largest ocean front lot on the Coronado peninsula – home to Southern California's most prestigious shores.

The **14-bedroom, 17-bathroom** Tudor revival dates back to 1902 and boasts the best of luxury beach living. Crown Manor's historic designation reflects its commanding provenance. The sale of this fabled home presents a rare opportunity to own a slice of history.

Coronado, a resort city, is on a peninsula in the San Diego Bay. It is known for the Victorian Hotel de Coronado, which dates back to 1888, and for Coronado Beach – ranked as the best beach in the United States.

**Interior: 22,997 sq. ft.**

The property is being sold by Willis Allen Real Estate.
