Just across from the picturesque village of Governor's Harbour lies French Leave Beach - the best-kept secret on Eleuthera Island in the Bahamas with its wide, stretch of pink-sand and crystal-clear waters.

In the 1960's, this popular site was home to the first French Leave Hotel and was transformed into Club Med during the 1970's. Today, it is a **fully serviced investment property** comprising **39 acres and 1,437 ft. of pristine beach**. A distinct topography of **gently rolling hills**, **canopies of mature coconut trees**, **and direct frontage on French Leave Beach** make this exclusive and private site the **perfect setting for a retreat style beach resort** with world class service, island luxury, and exciting water activities.

The nearby Governor's Harbour International airport with daily flights from Nassau and Fort Lauderdale makes for easy travel and can accommodate medium size jets perfect for a great airlift. Customs and immigration are also onsite. Discover the investment potential of the Former Club Med site and experience its peaceful beauty.

This property is being sold by HG Christie Ltd. John Christie is the agent.
