This unique administrative and business complex situated on the corner of Václavské náměstí Square and Opletalova Street offers approx. 15,000 sq. m. of office space for lease, 7,000 sq. m. of commercial space for lease, and a sufficient number of parking spaces. The building by reputed Chapman Taylor architects is "design inclusive and accessible" and combines a 21st century design with the latest advances in technology. The result is a healthy and pleasant environment.

The building's facilities include centrally controlled external blinds and openable windows, which help create an optimal environment and let in plenty of natural light. The double facade reduces noise and collects solar heat gains in the summer. Tenants will save on their utilities thanks to the building's passive standards that reduce energy consumption. The project is planning on achieving BREEAM EXCELLENT certification.

Location:

A premium business address in Prague. The building is easily accessible by public transport; it is near the Muzeum metro station (lines A and C), the Můstek metro station (lines A and B), the Prague Main Railway Station, and the tram stops on Vodičkova or Jindřišská street.
