Right by Bethany Beach in Delaware, this spacious, fully furnished six-bedroom, six-bathroom house is part of the community of Seabreak. Panoramic ocean views open up from its large number of windows and there is abundant space for family and friends to come together to enjoy meals and walks along the coast.

The interior is bright and airy due to 9 ft. ceilings on the second floor, 8 ft. on the first floor, and vaulted ceilings on the third floor. Upon entry, you will be immediately captivated by the carved wooden staircase. The open space living, dining, and kitchen area has access to a **deck** with safety glass so as not to obscure the view. The two large **suites** on the third floor have their own **deck**, **fireplace**, and full bath. There is also a game room with an adjacent bathroom and two laundry rooms, one of which has beach access so you can change before entering the rest of the house.

The Seabreak Community has tennis courts and bike trails, and you can walk to the town of Bethany Beach. The **waves of the warm Atlantic Ocean** beckon just outside the door.

Land: .19 acres. The property listing by Long & Foster Real Estate, Inc. - Bethany, agent Martha Lowe.
