This new residential area with a supermarket was created next to the **park on Třešňovka Hill**, within walking distance of a tram and bus stop with fast links to all metro lines (Vysočanská, Ládví, or Želivského stations). Nearby is a kindergarten, elementary, art, and high school, the **Metropolitan University**, a post office, the **Aero art house cinema**, and several sports fields - **tennis courts**, a football field, a multipurpose hall, a Sokol, or an outdoor gym, and the Pražka sports and recreation area with a **swimming pool** is also close-by. The location is very pleasant thanks to the large **Malešický forest and Smetanka nature park**. A bike trail that passes right by the building goes all the way to the center, bypassing any busy roads.
