The layout of the new apartment will offer, on the entrance level (4th floor of the building) a master bedroom with a walk-in dressing room and en-suite bathroom, another 2 bedrooms, a central bathroom, a utility room with a connection for a washer and dryer, and a spacious hallway with stairs to the upper floor. Designed as an open living area with a kitchen and dining room, it has a **spacious south-facing terrace with perfect, unobstructed views of the southern horizon** that includes Prague's tallest building, the V-Tower.

The apartments will be handed over completed and in a standard set by the developer. Gas boiler heating. **Parking spaces are available on the property.**
