This bright commercial space is part of the unique **Nové Lauby** residential complex, a project that is being created right in the center of Ostrava near Masaryk Square with a fountain, within walking distance of a full range of services and a park. The estimated completion date is Q4 2023.

The layout offers a 66.77 sq. m. commercial space, a hallway with facilities, a cleaning room, and a toilet with a hallway.

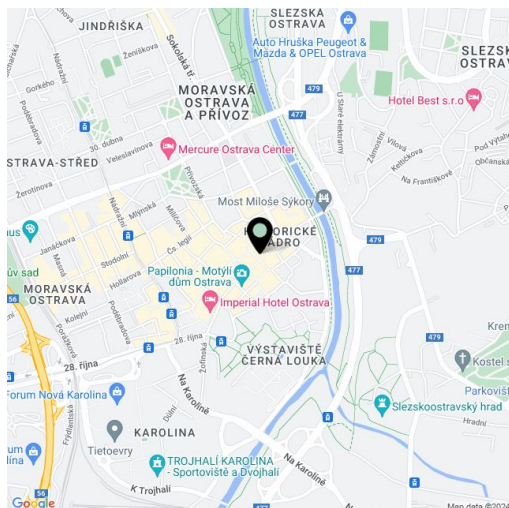

The project was designed by the renowned **Znamení čtyř - architekti studio**. The new five-story building will be covered with **greenery**, and a **landscaped atrium** will be created in the complex's center. The interior is illuminated by large-format windows with aluminum or wooden frames and the standard is offered in shell&core.

The apartment complex will become a natural part of the historic center of Ostrava. In the area around Masaryk Square, you can enjoy cafes, restaurants, a shopping center, a museum, a cinema, or a library. Schools and the Antonín Dvořák Theater are a few minutes' walk away. Part of the city monument zone is the **large park** on **Černá Louka** and the Ostravice River is lined with **bike paths**.

Floor area 89.49 m².

The visualizations are of an illustrative nature only.
