This bright apartment with a terrace and the possibility of purchasing a garage parking space is part of the unique **Nové Lauby** residential complex. This new project is being created right in the center of Ostrava near Masaryk Square with a fountain, within walking distance of a full range of services and a park.

The layout consists of a living room with a preparation for a kitchen, 3 bedrooms, 2 bathrooms, a guest toilet, and an entrance hall. The apartment has two balconies.

The project was designed by the renowned **Znamení čtyř - architekti studio**. The new five-story building will be covered with **greenery**, and a **landscaped atrium** will be created in the complex's center. The interior is illuminated by large-format windows with aluminum or wooden frames and electrically operated blinds, while the floors will be three-layer **oak**. There is a possibility to buy a **parking space**.

The apartment complex will become a natural part of the historic center of Ostrava. In the area around Masaryk Square, you can enjoy cafes, restaurants, a shopping center, a museum, a cinema, or a library. Schools and the Antonín Dvořák Theater are a few minutes' walk away. Part of the city monument zone is the **large park** on **Černá Louka** and the Ostravice River is lined with **bike paths**.

Floor are 132.2 m², balconies 8.9 m², a cellar 3.1 m².
