This bright apartment with two balconies and the possibility of purchasing a garage parking space is part of the unique **Nové Lauby** residential complex. This new project is being created right in the center of Ostrava near Masaryk Square with a fountain, within walking distance of a full range of services and a park.

The layout consists of a living room with a preparation for a kitchen, 3 bedrooms, a walk-in closet, a bathroom with a toilet, two guest toilets, and an entrance hall. Two balconies are accessible from the living room and one from the bedroom.

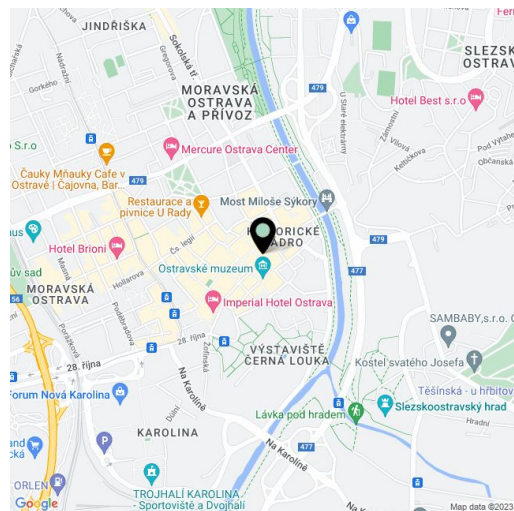

The project was designed by the **renowned Znamení čtyř - architekti studio**. The new five-story building will be covered with **greenery**, and a **landscaped atrium** will be created in the complex's center. The interior is illuminated by large-format windows with aluminum or wooden frames and the standard of equipment is offered in two options. There is a possibility to buy a **parking space**.

The apartment complex will become a natural part of the historic center of Ostrava. In the area around Masaryk Square, you can enjoy cafes, restaurants, a shopping center, a museum, a cinema, or a library. Schools and the Antonín Dvořák Theater are a few minutes' walk away. Part of the city monument zone is the **large park on Černá Louka** and the Ostravice River is lined with **bike paths**.

Floor area 130.98 m², balconies 7.2 m², a cellar 2.47 m².
