We exclusively offer for sale this unique one-bedroom apartment spread out over the entire top 4th floor of the **Slávičie Residences** project. The apartment has an open-plan layout and a large terrace that surrounds it from three sides. Urban living for those who want to be surrounded by peace, quiet, and greenery. The apartment is sold in a state of shell & core. Planned approval Q2/2022.

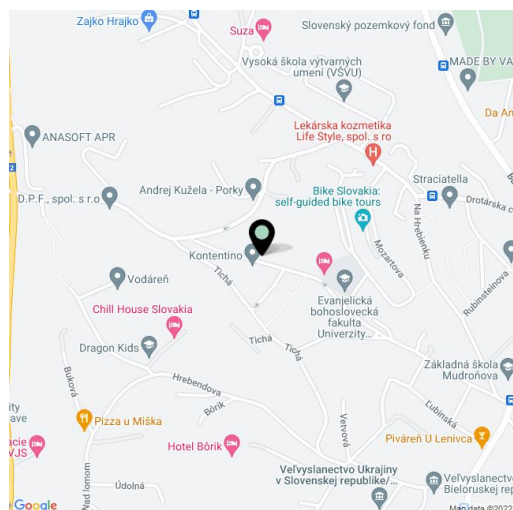

The layout consists of an open plan living room connected to the kitchen and dining room with access to a panoramic **63 sq. m. terrace** with views of the city and the surrounding greenery. There is also a bedroom with a French window and access to the terrace, a bathroom, and a separate toilet.

Facilities includes Aluprof MB-86 triple-glazed **aluminum windows**, Lomax **exterior blinds** in anthracite, a heat recovery unit in each bedroom, a Panasonic Aquarea heat pump, and a Defendor security entrance door. The apartments are also equipped with underfloor heating and are ready for the installation of a **fireplace**. Thanks to a clear **ceiling height of 2.8 m**, the interior is exceptionally bright. The apartment comes with a **cellar storage unit**, and it's possible to purchase a parking space in the garage or in the outdoor parking lot. The gated complex has a video doorman, common outdoor areas, and a caretaker who provides maintenance work throughout the year.

Close and at the same time far enough from the busy center of Bratislava—this is how the location of the newly established gated Slávičie Residence can be described. The **timeless residential area** is known for its greenery and beautiful architecture, and is home to several embassies. And nearby? The Vinarium coworking center, for starters. Also, the Cubicon shopping center with restaurants and a fitness center, a Montessori kindergarten, a botanical garden, or the Zoo. You can get to the Danube River by car in 10 minutes. If you want to reduce your carbon footprint, a public transport stop is only a 5-minute walk away.

Interior 54 m<sup>2</sup>, terrace 63 m<sup>2</sup>.

The apartment can be connected to a three-bedroom apartment on the 3rd floor, which would create a duplex with a private entrance elevator.
