Floor area	168 m²
Balcony	11 m²
Terrace	23 m²
Parking	Garage + outdoor spot
Garage	Yes
Cellar	-
PENB	B
Reference number	41351

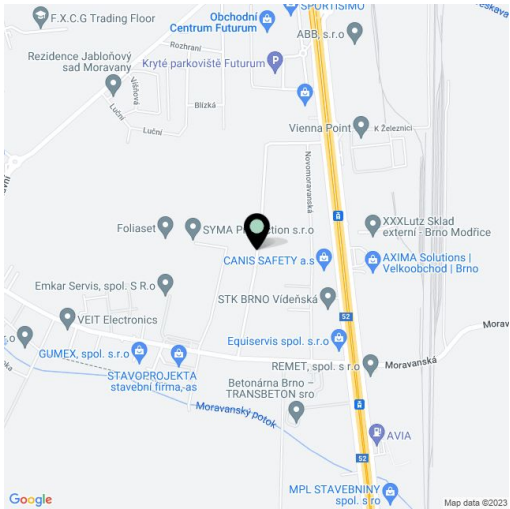

This new build energy-efficient family house (detached half of a semi-detached house) with above-standard equipment, a garage, and a large garden is currently being built in the developing and sought-after Brno district of Přížřenice, a place full of greenery and at the same time within easy reach of the center of the Moravian metropolis. The completion date is 1 year from the signing of the purchase contract.

The ground floor will consist of a living room with a preparation for an open plan kitchen connected to a **southeast-facing terrace with access** to the sunny garden. There will also be a bathroom, a toilet, a pantry, a utility room, and a vestibule with direct access from the **spacious garage**. Upstairs, there will be 3 bedrooms, a study, a **walk-in closet**, a staircase hall, a bathroom, and a toilet. Two bedrooms will have their own **terrace**.

The basic design already includes **above-standard elements**: high-quality **wooden windows** in anthracite (triple-glazed) with electrically operated **exterior blinds**, floating wooden floors, branded rebateless frame and panel doors, **underfloor heating** throughout the entire house, **Villeroy & Boch** sanitary ware, **larch plank floors**, an extensive **green roof**, mineral plaster walls, a remote controlled garage door, a terrace with a preparation for a Jacuzzi, outdoor paving, and ceramic tiles. Heating will be electric with **photovoltaic panels**. Preparation for air-conditioning, a built-in Finnish sauna, and a grass lawn with an automatic irrigation system are optional and at an extra cost. In addition to the garage, it will be possible to park on a paved section of the plot, and a private driveway will ensure perfect privacy.

The developing location of **Moravanské lány**, where a new residential area is gradually and sensitively emerging from an original gardening colony, has retained its original intimate character and offers an abundance of mature landscaped greenery and easy access to nature parks and complete urban services. A tram stop is just a few minutes' walk from the future house, and driving to the city center takes less than 20 minutes. The fast connection to Vienna and the D1 highway also makes getting around by car quick and easy. You can comfortably ride along the **bike trail** to the **Bobrava Nature Park** and explore its deep forests. The **Pálava Recreation Area** is also not far away.

Interior 167.5 m², terraces 22.6 m², 5.5 m² and 5.6 m², built-up area 139 m², land 693 m².
