On the entrance level (5th floor of the building), there will be a large entrance and staircase hall, two bedrooms, a study/children's room, a bathroom (with a walk-in shower, sink, and toilet), and a separate toilet. The upper level of the apartment will consist of a living room with a dining area, a preparation for a kitchen, and access to a **sunny terrace** facing the courtyard.

The standard of facilities includes **wooden floors**, roof skylights, glazed or wooden coffered doors, **Laufen** sanitary ware, Tres faucets, a bidet shower, and bathroom tiles combined with colored mosaic tiles, and a modern **steel staircase** with a **perforated sheet metal railing**. If interested, the developer will install the kitchen unit and built-in cabinets, which can exceed the listed price. The apartment comes with a **cellar storage unit**. The 19th-century building with its distinctively ornate façade, bay windows, and decorative balcony railings will be **completely refurbished** according to the original plans.

This beautiful corner building is close to many cafes, restaurants, and small local shops. Within easy reach are medical services, banks, a post office, and a large shopping center. Trams, buses, and trains provide quick connections to the city center and other parts of the city. For active relaxation, there are numerous **sports facilities** (including indoor and outdoor swimming pools), **parks**, or the **bike trail** along the Botič Stream.
