Office space for lease on the 4th floor. The building received the highest LEED Platinum certification in 2012, which only a few buildings in the Czech Republic have gained. The building has a very contemporary character in terms of disposition. The supporting reinforced monolithic concrete structure consists of irregularly spaced prisms with belt windows and a system of roof terraces. All non-bearing structures and MEP installation were removed and replaced by new systems which meet the requirements of modern office buildings today.

Location:

The building is located in Prague 4 between the streets of Na Pankráci, Štětškova and Na Bitevní pláni, within walking distance of the Vyšehrad metro station (line C), tram and bus stops. The project offers many advantages of a modern commercial property including its ideal location – close to the city center, boasting lovely views of the Prague panorama including Vyšehrad and Prague Castle. There are many restaurants, hotels, shops and other services nearby.

Features and Services:

- Possibility of logo placement (visible from the Prague highway)
