Land type	Housing
Reference number	42725

This beautiful plot of land with a private beach, located in a popular part of Nová Košariská in the village of Dunajská Lužná, has been enhanced with a landscaped garden, cascades, terraces, an English style lawn with automatic irrigation, a gazebo with a natural reed roof, a private jetty, and extended direct access to the water.

On the unique 1,325 sq. m. plot (also including a water area) there is a brick cellar and an insulated building with a kitchen and alarm system. Electric heating and a 22m deep water **well** are part of the standard amenities.

The plot allows for recreational housing with a permitted built-up area of 20% (1 above-ground floor + 1 recessed floor).

The location is popular for the summer activities that can be enjoyed on **Nové Košariská Lake**, such as water sports including diving courses and fishing. The lake is only 7 km (20 min. drive) from Bratislava. Complete civic amenities are also in Dunajská Lužná.
